Welcome to Stony Run

"All species and the Earth itself have interdependent roles within Creation. Humankind is not the species, to whom all others are subservient, but one among many. All parts, all issues, are inextricably intertwined. Indeed the web of creation could be described as of three-ply thread: wherever we touch it we affect justice and peace and the health of all everywhere."

-Audrey Urry, 1994, Founding member of Quaker Green Concern
