Welcome to Stony Run

"We have a keen consciousness of sorrow and guilt over our failure to alter our nation's reliance upon force, which culminated in the use of the atomic bomb - a horrible climax of man's inhumanity to man. But as we must not despair or falter before the mounting tide of fear that has resulted. The door of repentance is still open... As the atom is an invisible source of physical energy, we believe that God's love is an infinite source of spiritual power through which He has promised to redeem and transform the world."

-J. Hoge Ricks, Clerk, Baltimore Yearly Meeting (Homewood), 7 Nov. 1945
